

IIDP Application Preview and Letter of Agreement and Bio sketch downloads

To apply for IIDP Islet and Biospecimens study please access the application submission through the [IIDPWebsite](#), and select Apply Now.

Please note the letter of agreement must be signed by the Investigator and Authorized Institutional Representative and submitted with your application. If you have a peer-reviewed grant from NIH, JDRF, or ADA, your application will be approved by administrative review. However if you do not have peer-reviewed funding, your application will be sent for external review. This will take approximately 4-6 weeks to process.

Registration Contact Information

- ◆ First Name
- ◆ Last Name
- ◆ Username
- ◆ Password & Confirmation
- ◆ Institution
- ◆ Email Address (You must verify your email before continuing)

Contact & Shipping Information

*(*automatically populated)*

PI Contact Information

- ◆ First*, Middle Initial, & Last* Name
- ◆ Degree(s)
- ◆ Academic/Professional Title
- ◆ Institution*
- ◆ Email Address*

Mailing Address

- ◆ Country
- ◆ Address 1
- ◆ Address 2
- ◆ City
- ◆ State
- ◆ Postal Code
- ◆ Time Zone
- ◆ Telephone Number & Extension
- ◆ Would you like to receive text messages? (Text messages are used for islet offer notifications)
- ◆ Cell Phone Number
- ◆ Cell Phone Provider
- ◆ ORCID information

Shipping Carrier Information

- ◆ Primary Shipping Carrier /Account
 - Secondary Shipping Carrier Account (for studies outside the US)
 - Economic Operators Registration and Identification/Tax ID (for studies conducted in the European Union)
- ◆ Shipping Reference
- ◆ Weekday Delivery Shipping Address

- Country
- Address 1
- Address 2
- City
- State
- Postal code
- ◆ Weekend shipments accepted?
- ◆ Weekend Delivery Shipping Address
 - Country
 - Contact Name (if different from PI)
 - Phone #
 - Address 1
 - Address 2
 - City
 - State
 - Postal code

Funding Information

- ◆ I have funding from a peer reviewed source to conduct this study (e.g. NIH, JDRF, ADA).
- ◆ I have funding from a non-peer reviewed source to conduct this study (e.g. charitable foundation, institutional).
- ◆ I have funding from a for-profit source to conduct this study.

Sources of Funding

- Title
- Support Type
- Funding Source
- Grant Number
- Grant Start Date

Research Study Information

Please indicate your interest for this study

- ◆ Are you interested in freshly cultured isolated islets?
- ◆ Non-Islet Biospecimens
 - Are you interested in isolated non-islet pancreatic tissue (acinar), fresh or flash frozen?
 - Are you interested in receiving Blood Products?
 - Serum
 - Plasma
 - Are you interested in receiving Ancillary Tissue?
 - Duodenal Tissue
 - Ductal Tissue
 - Frozen Pancreatic Pieces
 - Peri-Pancreatic Lymph Nodes
 - Spleen Sample
- ◆ IIDP Resources from our Inventory
 - Are you interested in flash frozen isolated islets?
 - Are you interested in formalin-fixed pancreas tissue sections (histology slides)?

Research Study Information

- ◆ Title of Study
- ◆ Specific Aims
- ◆ Research Methods
- ◆ The area of diabetes research that best describes your study
 - Beta Cell Stimulus, Secretion, and Coupling
 - Beta Cell Death and Dysfunction
 - Type 1 Diabetes
 - Tissue Engineering and Transplantation
 - Alpha Cells
 - Genetics and Genomics
 - Other
- ◆ Does this study involve activities performed on live, vertebrate animals (physical experimentation, handling, capture, behavior modification, etc.)?
 - If study involves animal research, IACUC Status and Approval Date

Islet/Biospecimens Requirements

- ◆ Date available to begin receiving shipments
- ◆ Anticipated study completion date
- ◆ Ideal and Minimum Islet Requirements
 - Number of Islet Equivalents (IEQ) / Shipment
 - Purity of IEQ
 - Viability of IEQ
- ◆ Number of days between Shipments
 - Minimum/ Maximum day
- ◆ Total IEQs needed for study completion
- ◆ Ideal and Acceptable Types of Islets
 - Non-diabetic
 - Type II Diabetic

Donor Preferences

- ◆ Does your study require donors of a specific ethnicity/race? If yes,
 - American Indian or Alaska Native
 - Black or African American
 - Native Hawaiian or Other Pacific Islander
 - Asian
 - Hispanic/Latino
 - White
- ◆ Does your study require specific pre-shipment culture time of the islets?
 - *Our protocols require at least 18 hours of culture at the isolation center at 37°C to allow islets to recover, after chemical and mechanical insult of the isolation, process prior to shipping.*
 - Minimum pre-shipment culture time in days &/or hours
 - Maximum pre-shipment culture time in days &/or hours
- ◆ Does your study require specific donor age?
 - *Our minimal criteria for organ donation have a donor age range between 0 - 75 years.*
 - Minimum and maximum age range in years
- ◆ What are the minimum and maximum BMI values that you will accept?
 - *Our minimal criteria for organ donation have a donor BMI range between 10 – 50 kg/m²*
 - Minimum and maximum BMI range

- A second BMI range may be chosen

Islet Supplier Preferences

- ◆ Islet Supplier Preferences Centers that you would like to block
 - Columbia University Islet Core
 - Imagine Islet Center, Imagine Pharma
 - Nationwide Children’s Hospital Islet Biology Center
 - Prodo Labs Human Islet Isolation Center
 - Southern California Islet Cell Resource Center
 - University of Arizona Institute for Cellular Transplantation University of Wisconsin
 - University of Miami Human Islet Isolation Center
 - University of Pennsylvania Islet Transplant Center
 - University of Wisconsin Human Islet Core
 - Virginia Commonwealth University Cell Processing Lab
- ◆ How did you hear about the IIDP?
 - Website (<http://iidp.coh.org>)
 - Ad in scientific journals (e.g. Diabetes, Transplantation, Journal of Cell Biology, etc.)
 - Word of mouth
 - Conference/meeting
 - Other

Required Documents

1. [Biosketch](#)
2. [Letter of Agreement signed by Investigator and Authorized Institutional Representative](#)
